LatchClub

The membership that pays for itself.

INVESTOR PRESENTATION · 2026

VISION

A world where *living well* isn't a luxury.

Latch is a digital membership platform that makes premier dining, wellness, fitness, travel, and lifestyle experiences affordable — while giving merchants a smarter way to fill seats and reach new customers.

THE PROBLEM

A market under pressure.

CONSUMERS

$63 average spend per restaurant visit — up 12.5% YoY

88% say price is #1 factor when spending

84% are more selective about where they go

MERCHANTS

80% of Canadian restaurants carry debt

3–5% profit margins for full-service restaurants

$30K avg annual marketing spend — unclear ROI

THE SOLUTION

Latch connects consumers with local businesses.

For Consumers

Premium lifestyle memberships across dining, wellness, fitness, activities, travel and more. 3 coupons per merchant, per year. Earn loyalty points through discovery.

For Merchants

Guaranteed exposure to thousands of active subscribers. Trackable foot traffic, zero delivery commissions. New customers walking through your door.

For Growth

Three compounding revenue streams. Asset-light model. Phased expansion from dining into every lifestyle vertical across North America.
